che si è dispiaciuto di non aver più un avversario temibile. Ma, per quanto sia preoccupato dell'isolamento, il presidente non ha mai pensato di ritirarsi. «Non ho mai pensato di lasciare la presidenza», dice. «Non ho mai pensato di non essere più il capo di questo paese. E non ho mai pensato di non essere più il capo di questa nazione».

* LOOKS AROUND *

Yukari CLUB

Oh I am kinda there!
This new age is different
than the usual one, I was
really happy while drawing
that The house (house) is
that story is drawn along my
room as a model I didn't
want to go find any other
settings, so I was very happy
The house that I live in
right now is only half its
size 2 months old, and the
smell of a new house is very
comforting as well. It's a
1 story building, my room is
I'm facing the east & white
walls, with furniture and
wooden floors. The garden is
very beautiful! There is a
bat in garden right in front
of my work table because of
the daylight it's very easy in
the morning but the summers
are very hot. The decorations
inside the house are all in
colors that I like, so when I
am lonely I feel very at ease.
There is also a big window
beside my bed to enjoy the
night view. I often lie in
bed thinking about the story
plots and I would fall as-
leep automatically.

Look! me!

Take this photo too!

YUKARI CLUB

Readers often write to ask me "What days do we live on Sundays or on days off?" The manga artist never works normal days as days off too (I...) so I can't often find I can get together with friends, and going out together is hard to come by when at home, mostly since the house, owing to the illness, or even the manga and books I've bought but never get the chance to read. Or I go to a... Office at times. I can't think of the next part of the story and am therefore very frustrated. I'd go out with friends to dance!...

LET'S
TALK
ABOUT

LOOK,
SHE
HIT ME
IN
THE FACE!

My favorite place is the (Mecha Light) Dance Club when I stopped on the stage last time, I automatically started dancing. It felt so good!

I go often now when
I'm viewing the deadline
for my manga, I just
sneak in later for instance when I was
working on the same legal book. I
finished the chapters and 80 pages of
art in only 4 weeks. What a pretty
easy the most time I've spent for 80
pages in 4 months but I always get things
done before the deadline. The day
before the deadline, I got my order to
come drop me what we have prepared jobs
done just in time. I'll never be late! But
later when I looked in the magazine
of my manga, I don't really
enjoyed it. I like all my
friends, I'm probably
better for me now!
